Gentlemen,

Please see the update from Mr. Kerestan below regarding the renewal postcards. As a point of clarification around the process... the official mailing is comprised of members whose membership was not turned into National by the January 19th. So any membership that has been received since that date will be included in the mailing. I want to call this to your attention as every year we seem to have members frustrated over receiving a reminder postcard after they have already paid. This again gets back to the issue of making sure that both the squadrons and detachments are transmitting membership regularly.

I'm excited to see what kind of membership gets turned in over the next week!
Reach out to your detachment contacts and remind them that the 75% target date is
February 8th!

The second SAL renewal postcard mailing will be made this week. A partial
shipment of postcards was mailed yesterday (Tuesday) and the remainder will be
mailed no later than Friday this week. We are mailing 152,000 plus postcards to
all Sons members whose record at National Headquarters shows unpaid for 2017.

FYI
