

Mid-West, as a whole we accomplished our first of many targets dates! Special thanks to Montana, Oklahoma, Kansas, Colorado, Texas, and North Dakota for surpassing the 10% goal. Great job team!

The next target date is October 12th for 25%, Montana is out early already meeting the target, with Oklahoma and Kansas following closely behind. Let's see if we can add 2 more detachments to the list for October, giving us a total of 8!

Again great job to all and looking forward to a very strong year!
