

44 VETERANS A DAY ARE DYING BY SELF-INFLICTED MEANS.

ABOUT US

The PTSD Foundation of America provides hope and healing to Veterans and their families suffering from the effects of combat-related post-traumatic stress. We believe every Veteran deserves to be treated with dignity, respect, and compassion as they work through their personal struggles with PTSD.

Our 501(c)(3) organization began in 2005 with a group of concerned volunteers who searched for homeless Veterans on the streets of Houston. Our mission is to drastically reduce the Veteran suicide rate and provide hope for a brighter future. We provide programs, outreach services, and advocacy efforts designed to help Veterans find the tools they need to lead healthy lives after combat.

IF YOU ARE A COMBAT VETERAN IN CRISIS PLEASE CALL
